

THANKS FOR JOINING US

"We have a vision in Hamilton Cocaine Anonymous. This is a vision of a fellowship with strong brotherly and sisterly love brought together by our common peril, and kept togethe<mark>r</mark> by GOD and our spiritual discipline. We all thought that life was not worth living, we have all felt the hopelessness of wanting peace but never achieving it. Only in our program of action did we change all this. It is possible to be transformed in experience and being, regardless of what anyone thinks, including you! We have come from being full of hate and misery for everything, to a fellowship of brothers and sisters who lead lives filled with hope, service, abundance, spirit, friends, confidence, respect, ambition and honest amazement. You are more than worth this experience, GOD knows your perfection, do you choose to know your life as she does? Welcome home."
